10. IMPLEMENTATION Curriculum, Instruction, Teacher Development, and Assessment. In this chapter, we consider the changes needed across the K-12 science education system so that implementation of the framework and related standards can more readily occur. Standards provide a vision for teaching and learning, but the vision cannot be realized unless the standards permeate the education system ...

The models at the heart of the IPCC report, while differing in the details, are all examples of Coupled Atmospheric-Ocean General Circulation Models (AOGCMs). 4 Müller (2010) provides a recent view of their construction and use in both scientific endeavour and policy which is compatible with our own more extended discussion. A brief summary of their basis is as follows.

Validation and forecasting accuracy in models of climate ...
