4 Chapter 1 Introduction: Themes in the Study of Life 2. Reproduction. Organisms reproduce; life comes only from life (biogenesis).3. Growth and Development. Heritable programs stored in DNA direct the species-specific pattern of growth and development.

CHAPTER INTRODUCTION: THEMES IN THE STUDY OF LIFE

Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.
